Canadian Museum for Human Rights

Quarterly Financial Report

For the three and nine months ended December 31, 2011

The quarterly financial statements for the Canadian Museum for Human Rights (CMHR) (the Corporation) must be read in conjunction with the March 31, 2011 management discussion and analysis and annual audited financial statements.

The statements at December 31, 2011 are prepared in accordance with Public Sector Accounting Standards (PSAS). Effective April 1, 2011, the Corporation adopted public sector accounting standards applicable for a government not-for-profit organization (GNPO). These amended standards were retrospectively adopted and therefore the March 31, 2011 comparative figures have been restated. Key adjustments resulting from the adoption of these accounting standards are as follows:

- Other comprehensive income is not recognized under public sector accounting standards applicable for a government not-for-profit organization. Consequently, other comprehensive income and comprehensive income are no longer reported on the Corporation's Statement of Operations. The March 31, 2011 annual financial statements have been adjusted to record amounts previously recognized as other comprehensive income as deferred contributions (related to depreciable assets) and net assets invested in capital assets (relating to non-depreciable assets). As a result previously reported accumulated other comprehensive income of \$45.7 million has been reclassified to Deferred contributions and \$5.0 million has been reclassified to Net assets (Invested in capital assets) which represents the investment in the land. Other comprehensive income previously recognized as income in the year ended March 31, 2011 has been reversed.
- Remeasurement gains and losses are recognized on the Statement of Remeasurement Gains and Losses under public sector accounting standards. The March 31, 2011 annual financial statements have not been adjusted as the standards prohibit retroactive application. Comparative amounts for remeasurement gains and losses are presented in accordance with the accounting policies applied by the Corporation as of March 31, 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Refer to Management's Discussion and Analysis as presented in the March 31, 2011 Annual Report. Updates for the quarter ended December 31, 2011 are as follows.

Under PSAS, the Statement of Financial Position current quarter is compared to the most recent audited statements (March 31, 2011) while operations are compared to the prior year's comparative quarter.

Statement of Financial Position: December 31, 2011

Total Assets increased \$33.1 million from \$246.6 million at March 31, 2011 to \$279.7 million at December 31, 2011 due to the increase in Assets under construction offset by the use of Restricted cash, cash equivalents and investments that reflects the continued investment in the construction of the museum building and the design of the exhibits.

Total Liabilities and Net Assets increased \$33.1 million from March 31, 2011 primarily due to contributions from the Friends of CMHR of \$20.2 million and appropriations for capital from the Government of Canada of \$10.0 million.

Net assets increased by \$0.1 million from March 31, 2011 representing the \$0.3 million revenue over expenses and \$0.2 million remeasurement losses recognized on investments due to the new reporting requirements under Public Sector Accounting Standards. The investment portfolio includes bonds that are intended to be held to maturity therefore certain unrealized losses are not expected to be realized.

Statement of Operations:

For the three months ended December 31, 2011

Parliamentary appropriations were \$3.2 million for the three months ended December 31, 2011 in comparison to \$4.8 million for the three months ended December 31, 2010 due to a difference in the timing of the requests for appropriations.

Expenses for the three months ended December 31, 2011 were \$2.6 million, consistent with the three months ended December 31, 2010.

Canadian Museum for Human Rights

Quarterly Financial Report

For the three and nine months ended December 31, 2011

For the nine months ended December 31, 2011

Parliamentary appropriations were \$8.1 million for the nine months ended December 31, 2011 in comparison to \$9.8 million for with the nine months ended December 31, 2010.

Expenses for the nine months ended December 31, 2011 were \$7.8 million in comparison to \$7.0 million for the nine months ended December 31, 2010. The increase in expenses is mainly attributable to an increase in staffing in Museum Content and Programming required to create the content and exhibitions for this new national museum.

Cash Flow: For the three months ended December 31, 2011

Cash and cash equivalents increased by \$2.1 million in the three months ended December 31, 2011 primarily due to \$20.8 million realized from the sale of investments offset by \$18.4 million used for construction. This is compared to the decrease in cash and cash equivalents of \$5.0 million in the three months ended December 31, 2010 primarily due to the use of \$7.7 million of restricted cash and \$10.4 million funding from the Government for \$16.4 million in construction offset by an increase in operating cash due to the timing of the receipt of operational appropriations.

Cash Flow: For the nine months ended December 31, 2011

Cash and cash equivalents decreased by \$3.8 million in the nine months ended December 31, 2011 primarily due to \$71.0 million used for construction offset by \$35.8 million realized from the sale of investments and \$31.8 million funding received from the Government of Canada and other non-government sources for the assets under construction. This is compared to the increase in cash and cash equivalents of \$13.9 million in the nine months ended December 31, 2010 primarily due to an increase in operating cash of \$4.7 million due to the timing of the receipt of operational appropriations as well as \$56.9 million funding received from the Government of Canada and other non-government sources offset by \$45.2 million used for construction.

Outlook and Risk Analysis:

Management continues to monitor risks and strategies related to the construction project. The building continues to be on track for completion in December 2012 and 98% of the base building has now been tendered.

Raising the full amount required to complete the capital project continues to be CMHR's highest priority. Funding depends on the continued fundraising and collection of pledges by the Friends of CMHR and other sponsorship and partnership opportunities. Until the remaining capital funding is secured the operational spending is being carefully managed to ensure that the development of the operational infrastructure aligns with the completion of the capital project.

(In thousands of dollars, unless otherwise noted)

1. Authority and mandate:

The Canadian Museum for Human Rights (the "Corporation") was established through amendments to the *Museums Act* on August 10, 2008 and is a Crown corporation named in Part I of Schedule III to the *Financial Administration Act*. The Corporation is not subject to income tax under the provisions of the *Income Tax Act*.

The Canadian Museum for Human Rights reports to Parliament through the Minister of Canadian Heritage and Official Languages.

The mandate, as stated in the amendments to the *Museums Act*, is as follows:

"to explore the subject of human rights, with special but not exclusive reference to Canada, in order to enhance the public's understanding of human rights, to promote respect for others and to encourage reflection and dialogue."

2. Significant accounting policies:

The interim financial statements have been prepared in accordance with Canadian public sector accounting standards for government not-for-profit organizations. The same accounting policies and methods of computation are followed in the quarterly financial statements as compared to the March 31, 2011 annual audited financial statements other than as follows:

(a) Basis of presentation:

The Corporation has prepared the interim financial statements applying the Section 4200 series of Canadian public sector accounting standards applicable to government not-for-profit organizations (PSAS). They have been prepared using the accounting policies the Corporation expects to adopt in its financial statements as at and for the year ending March 31, 2012 as described below.

As these interim financial statements are prepared using PSAS, certain disclosures that are required to be included in the annual financial statements prepared in accordance with PSAS that were not included in the Corporation's March 31, 2011 annual audited financial statements prepared in accordance with Canadian Generally Accepted Accounting Principles are included in the Corporation's interim financial statements.

The interim financial statements should be read in conjunction with the Corporation's March 31, 2011 annual audited financial statements, with consideration given to the PSAS transition disclosures included in note 3 to these interim financial statements.

The Corporation applies the deferral method of accounting for contributions for not-for-profit organizations.

2. Significant accounting policies (continued):

(b) Financial assets and financial liabilities:

Cash, cash equivalents, investments and the Holdback account are classified in the fair value category. These financial assets are recorded at fair value through the Statement of Remeasurement Gains and Losses as determined by reference to their quoted bid price at the reporting date. Fair value adjustments to investments of restricted and non-restricted cash are recorded on the Statement of Remeasurement Gains and Losses. Purchases of investments are recorded on the Statement of Financial Position on the settlement date.

Cash equivalents are assets that are readily convertible into cash, such as money market holdings, short term government bonds or treasury bills, marketable securities and commercial paper. Cash equivalents are distinguished from other investments through their short-term existence as they have original maturities of three months or less.

(c) Revenue Recognition:

i) Donations:

Donations are comprised of contributions received from non-government entities that are not part of the federal government reporting entity, such as individuals, foundations and corporations.

Unrestricted contributions are recognized as revenue on the Statement of Operations when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Contributions externally restricted for specific purposes are deferred on the Statement of Financial Position and recognized as revenue on the Statement of Operations in the period in which the related expenditures are recognized. Restricted investment income is recognized as income in the Statement of Operations in the period that the related expenditures are recognized.

ii) Contributions-in-kind:

Contributions-in-kind are recognized as revenue on the Statement of Operations when received. Contributions-in-kind related to capital assets subject to amortization are recorded as deferred contributions related to capital assets on the Statement of Financial Position.

Contributions-in-kind are recorded at the fair value of the asset received.

2. Significant accounting policies (continued):

(c) Revenue Recognition (continued):

iii) Parliamentary appropriations:

The Government of Canada provides funding to the Corporation through Parliamentary appropriations.

Parliamentary appropriations which are explicitly or implicitly restricted for the purchase of capital assets subject to amortization are deferred and recognized as revenue on the same basis and over the same periods as the related capital assets acquired.

Parliamentary appropriations restricted for specific expenses are deferred on the Statement of Financial Position and recognized as revenue on the Statement of Operations in the period in which the related expenses are incurred. Parliamentary appropriations that are not restricted to a specific purpose are recognized in revenue on the Statement of Operations in the period for which the appropriation is authorized.

iv) Assistance from other governments:

Funding may be provided by various levels of government, other than the Government of Canada. Unrestricted government funding is recognized as Assistance from other governments on the Statement of Operations when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Assistance from other governments which is explicitly or implicitly restricted for the purchase of capital assets subject to amortization are deferred and recognized as revenue on the same basis and over the same periods as the related capital assets acquired.

Assistance from other governments restricted for specific purposes is deferred on the Statement of Financial Position and recognized as revenue on the Statement of Operations in the period in which the related expenditures are recognized. Restricted investment income is recognized as income in the Statement of Operations in the year that the related expenditures are recognized.

(d) Foreign Exchange:

Assets and liabilities denominated in US dollars are translated into Canadian dollars using the exchange rate at the Statement of Financial Position date. Foreign exchange is recorded on US dollar denominated transactions at the noon exchange rate on the invoice payment date.

Realized foreign currency gains and losses on restricted monetary assets are recorded as Deferred contributions and Deferred contributions related to capital assets on the Statement of Financial Position. Other realized foreign currency gains and losses are recorded in Other income on the Statement of Operations.

Unrealized foreign currency gains and losses on monetary assets are recorded on the Statement of Remeasurement Gains and Losses.

3. Adoption of new accounting standards:

Effective April 1, 2011, the Corporation adopted the Canadian public sector accounting standards applicable to government not-for-profit organizations. These amended standards were retrospectively adopted where possible and therefore the 2011 comparative figures have been restated. In addition, effective April 1, 2011 the Corporation early adopted Section PS 3450 Financial Instruments, and PS 2601 Foreign Currency Translation on a prospective basis, without restatement of 2011 comparative figures. Key adjustments resulting from the adoption of these accounting standards are as follows:

(a) Assets under construction represent the costs of construction of the Museum building and are included in the definition of a capital asset under Section PS 4230 Capital assets held by not-for-profit organizations. An adjustment was made to the March 31, 2011 financial statements to reclassify the carrying value of the Assets under construction of \$143,318 to Capital assets: Assets under construction.

(b) Other comprehensive income is not recognized under PSAS. Consequently, Other comprehensive income and Comprehensive income are no longer reported on the Corporation's Statement of Operations. The fiscal 2011 financial statements have been adjusted to record amounts previously recognized as Other comprehensive income as Deferred contributions and Net assets: Invested in capital assets.

As a result, previously reported Accumulated other comprehensive income of \$50,589 at March 31, 2011 (and opening Accumulated other comprehensive income of \$73,570) has been reclassified to Deferred contributions (\$45,659) and Net assets: Invested in capital assets (\$4,930). The Other comprehensive loss of \$22,981 previously recognized in 2011 has been reversed.

(c) The March 31, 2011 financial statements have been adjusted to reclassify Deferred parliamentary appropriations of \$2,565 to Deferred contributions related to capital assets, to be consistent with the presentation requirements under PSAS.

(d) Remeasurement gains and losses are recognized on the Statement of Remeasurement Gains and Losses under PSAS. The March 31, 2011 financial statements have not been adjusted as Sections PS 3450 Financial Instruments and PS 2601 Foreign Currency Translation cannot be applied retroactively. The Corporation adopted these PSAS Sections on a prospective basis, effective April 1, 2011. Comparative amounts for remeasurement gains and losses are presented in accordance with the accounting policies applied by the Corporation as of March 31, 2011.

(e) Retained earnings are presented as Net assets under PSAS and are classified as Net assets: Unrestricted or Net assets: Invested in capital assets. The March 31, 2011 financial statements have been adjusted to reclassify Retained earnings at the beginning and end of the year to Net assets: Unrestricted and Net assets: Invested in capital assets.

5. Holdback cash account:

In accordance with the construction contract for the Museum building and the Builder's Lien Act of Manitoba, the Corporation is required to holdback 7.5% of progress billings. These amounts are restricted in nature and recorded as an asset and liability. The restricted funds will be paid out upon certified completion of the subcontracts in accordance with the Builder's Lien Act of Manitoba. The total holdback cash account balance and related liability at December 31, 2011 was \$11.5 million (March 31, 2011 - \$6.4 million), of which \$5.1 million (March 31, 2011 - \$4.1 million) is current.
